

Information Services Board Presentation on the State Interoperability Executive Committee

Prepared by Dennis Hausman, DIS/MOSTD (360) 902-3463.

Presenter

Chief Lowell Porter, Washington State Patrol
Chairman of the State Interoperability Executive Committee

Purpose of Appearance

The SIEC will:

- Provide status of the SIEC *Interim Statewide Public Safety Communications Systems Plan*.
- Update the Board on the status of the statewide public safety communications systems inventory and final communications plan
- Request approval of a revised schedule for completion of a statewide inventory or public safety radio assets and a final statewide communications plan
- Advise the Board of a request to appear before the Legislative Evaluations and Accountability Program (LEAP) Committee and the Joint Legislative Audit and Review Committee (JLARC) on September 22, 2004 to discuss the status of SIEC related activities.
- Request approval of nominations to the SIEC

Previous ISB Appearance

The last appearance was **March 18, 2004**. Since that date, an update was submitted for the May 13, 2004 meeting.

Staff Recommendation to the Board

ISB staff recommends that the ISB:

- Approve the revised dates for the statewide inventory and final communications plan as follows:
 - Inventory of all public safety communications systems (including local government) Not later than January 30, 2005
 - Final statewide public safety communications plan Not later than May 30, 2005
- Approve nominations to the SIEC
